OBJECTIVE

Full Stack Web Developer specializing in the MERN Stack (MongoDB, Express.js, React.js, Node.js), with hands-on experience building and launching responsive, database-driven web applications. Skilled in designing RESTful APIs, implementing authentication and CRUD operations, and integrating React frontends with Node.js backends and MongoDB databases. Strong foundation in JavaScript, SQL, and database management, with a focus on clean, scalable solutions to real-world problems. Also experienced in building and customizing WordPress websites.

WORK-EXPERIENCE

Web Developer August 2026 – Present
Fame Finders *Delhi, India*

- **MERN Stack:** Built and launched the full-stack websites poonamoswal.com and rkcsm.com using MongoDB, Express.js, React.js, and Node.js by designing responsive React interfaces, REST APIs, and database-connected backends, delivering live, mobile-friendly sites for clients.
- Implemented REST APIs, CRUD operations, API integration, database connectivity, authentication, and frontend-backend communication while troubleshooting and improving application functionality.
- Published the London TV application on the Google Play Store by managing the Play Console setup, store listing, and release process, making the app publicly available to Android users.
- Developed, customized, and maintained responsive WordPress websites using Elementor, Astra, WPForms, WP Mail SMTP, and Rank Math SEO, covering forms, email setup, SEO, bug fixes, and redesigns.
- Designed and implemented a Book Launch section on the WordPress site famefinders.in by creating a dedicated responsive landing layout with book details and call-to-action elements, giving the launch a clear online presence.

EDUCATION

Bachelor of Computer Applications (BCA), JIMS, Rohini, Delhi 2023 - 2026
12th, CBSE Board, Delhi 2021 - 2022
10th, CBSE Board, Delhi 2019 - 2020

SKILLS

Frontend	HTML5, CSS3, React.js, Responsive Web Design, Elementor
Backend	Node.js, Express.js, REST APIs
Languages	JavaScript, Python, C++, SQL
Database	MongoDB, Oracle SQL
Tools	Git and GitHub, VS Code, Postman, Google Play Console
CMS	WordPress, Elementor, Astra, WPForms, Rank Math SEO

TRAINING

Summer Training MERN 2025
Jagan Institute of Management Studies (JIMS) *Rohini, Delhi*

- Key Skills: MongoDB, NodeJS, Express.JS, React Native.
- Completed intensive training in MERN Stack Development covering MongoDB, Express.js, React.js, and Node.js.
- Built full-stack web applications using modern development practices.
- Developed RESTful APIs for CRUD operations using Express.js and Node.js.
- Worked with MongoDB for efficient database management.
- Integrated React frontend with backend APIs for seamless data communication.
- Gained practical experience through project-based learning.

PROJECTS

Well-Make Engineers — MERN Stack Developed a responsive Product Management Web Application using MERN Stack — Built RESTful APIs using Node.js and Express.js — Integrated MongoDB for product data storage — Connected React frontend with backend APIs — Implemented CRUD operations — Improved data flow between frontend and backend — Tech Stack: MongoDB, Express, React, Node

FurrySouls - pet shelter donation Platform — MERN Stack Tech Stack: MongoDB, Express.js, React.js, Node.js (MERN), JWT Authentication. Developed a fullstack donation platform to connect donors with animal shelters. Built backend REST APIs using Node.js and Express.js, integrated with MongoDB for secure data storage. Designed user authentication, pet adoption requests, and donation tracking features. Collaborated with a teammate handling React UI, ensuring seamless frontend–backend integration.

CERTIFICATIONS

MERN Stack Developer Certification Program, JIMS, Rohini, Delhi 2025
MongoDB, Express.js, React.js, Node.js, REST APIs, Responsive Web Development

Blockchain App Developer - Skill Competency Certification, JIMS, Rohini, Delhi 2025
641-hour program, NCVET/NSQF Level 5 (21 credits), Grade B

Google Cloud Skills Boost Arcade - Legend Tier, Google 2025
100+ Arcade Points; badges in Cloud Infrastructure, IAM, BigQuery, Automation, and AI Readiness

EXTRA-CURRICULAR ACTIVITIES

- Coordinator at TechnoWhiz 2025: Coordinated technical symposium activities with organizing teams. — Assisted in planning, scheduling, and event execution. — Managed communication with speakers and participants. — Demonstrated leadership, teamwork, and organizational skills.
- Research Paper Presentation — JIMS Kalkaji — April 2026: Presented a review paper on "AI-Driven Decision Review System in Cricket" at the 2nd National Conference on Generative AI in Education, Research and Knowledge Economy.
- Event Coordinator – Games' Den — JIMS, 2026: Coordinated the Games' Den event as part of the organizing committee during the annual VERVE 2K26 college fest.
